

# BIBLI'S BOOK SORTING GAME

*Learn the alphabet, numbers, shapes, and more with this fun printable game!*

## ➔ How to Play ➔

**Oh no! Bibli's books are all out of sort. Would you be able to help him place them on his shelves again?**

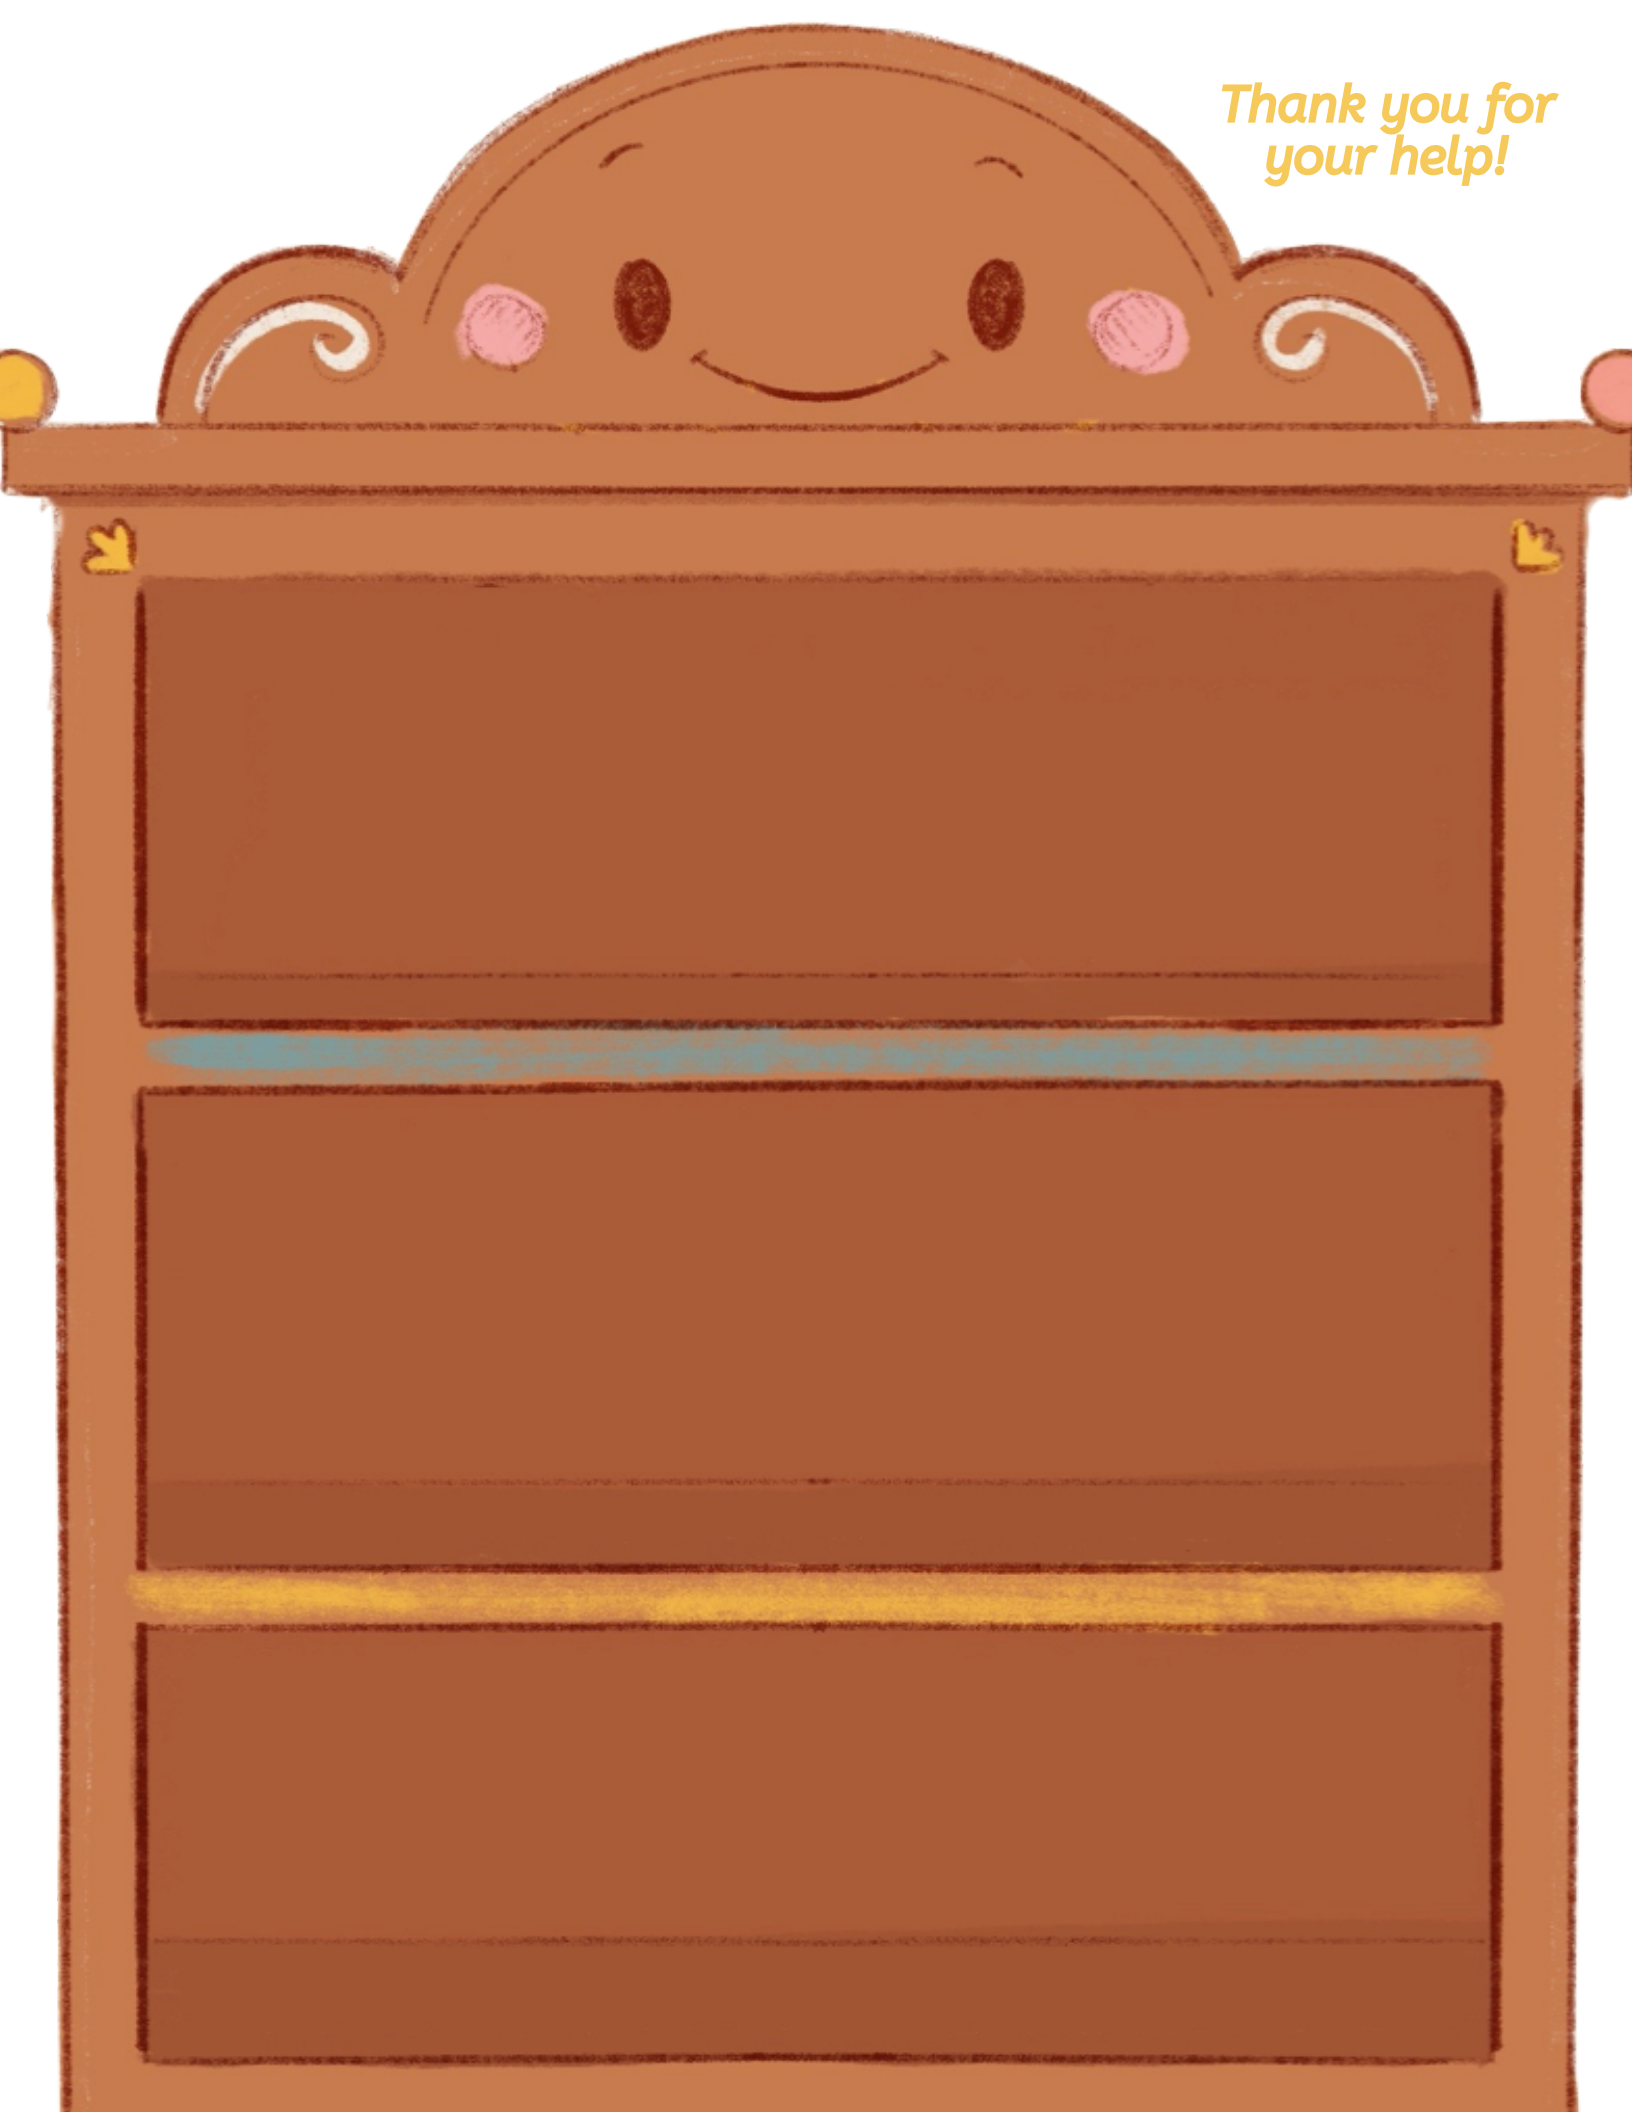

**Step 1:** Print out this packet (make sure your printer is set to single-page printing).

**Step 2:** Take the third sheet of this packet and cut out all of the children's books (see if you can spot any of your favorites!).

**Step 3:** It's time to play (and learn!)? There are three ways to play Bibli's Book Sorting Game:

1. Arrange the books on Bibli's shelves in numerical order. Start with 1 then keep going until all the books are on his shelves.
2. Arrange the books on Bibli's shelves in alphabetical order starting with the first letter of the book title.
3. Arrange the books on Bibli's shelves according to their height. You can either start with the shortest and work your way up to the tallest or start with the tallest and go to the shortest.
4. Extra Challenge: Arrange the books according to their color. We recommend arranging them in the order of the colors of the rainbow! This order follows red, orange, yellow, green, blue, indigo, and violet (ROY G BIV is how we remember!).

*Thank you for  
your help!*
