

I AM BLOSSOM!

A craft inspired by *The Blossom Shoppe*

Poppy and Posie discover that the only way to make their flower bloom in color is to allow their own true colors to shine for all to see. In doing so, not only does their flower finally bloom, but Poppy and Posie do as well.

Design your own one-of-a-kind flower that is just as remarkable as you are. On each petal, write down something that makes you unique or draw something that you love. Make it your own! And don't forget to glue your picture into the center of the flower. Show the world how BLOSSOM you truly are!

Once you have completed this craft, share it with The Blossom Company by e-mail or on social media for a chance to be featured! We can't wait to see what you create!

Prepare!

- ★ Print-out of the downloadable flower template ([template is on the last page of this document](#))
- ★ Crayons, colored pencils, or markers
- ★ Scissors (ask a parent for help!)
- ★ Gluestick
- ★ A popsicle stick
- ★ A photo of yourself

Plan!

- ★ Brainstorm a list of any and all ideas you have for the design of your flower!
What do you want to draw on each petal? What makes you... YOU?

- Petal #1:

- Petal #2:

- Petal #3:

- Petal #4:

- Petal #5:

- ★ Circle your favorite ideas

Create!

- ★ Grab your favorite crayons, colored pencils, or markers and pick out a petal to start with. Remember those favorite ideas you just circled above? Now it's time to bring those to life! (Leave the center of the flower blank!)
- ★ Once you have finished coloring in the flower, move on to the stem! Is your flower's stem green? Or is it another color?
- ★ Have a parent help you to cut out your flower
- ★ Glue a popsicle stick behind the stem of the flower to hold it upright
- ★ Add your picture to the center of the flower! Cut it and glue it in place
- ★ Name your flower!

Present!

- ★ You have just finished creating a one-of-a-kind flower that you should be extremely proud of! Present it to your family and friends by telling them the name of your flower, what you chose to write/draw on each petal, and why you chose to write/draw those things.
- ★ By presenting your flower, not only will you become more confident in yourself, but the people that you present to can also learn a lot more about how special you truly are!

Display!

- ★ Hang your flower up somewhere in your house where you can see it everyday to remind yourself that...

YOU ARE

BLOSSOM!
